

# 3Kingdoms

3Kingdoms is far more advanced than any game that you have ever played. Going strong for almost two decades '3k' can be equated to the video game version of reading a book. No one has ever explored the entirety of our indescribably vast world filled with puzzles, quests, and a strong community of people just like you.

And the best part: 3Kingdoms is entirely **FREE OF CHARGE!**

Connecting to this world is very easy. No additional software on your computer is required.

Also check out our sister game, 3Scapes.
